

## Transition Materials and Initiatives - DRAFT

As of 3/31/10

This is a rough list of the resources we received from our workgroup members:

Adolescent health transition project <http://depts.washington.edu/healthtr>

A Model for Transition from Pediatric to Adult Care in Cystic Fibrosis

Susan Madge, RGN, RSCN, MSc Mandy Bryon, D Clin Psych

Transition to adult care: experiences and expectations of adolescents with a chronic illness

L. K. Tuchman,\* G. B. Slap\* and M. T. Britto†

The continued care of children with renal disease into adult life

J. Stewart Cameron

Includes a table that summarizes general recommendations.

On Illinois' DSCC website, on the families page has many transition materials that we use all the time <http://internet.dsccl.uic.edu/dscclroot/parents/transition.asp>. Many of the materials are in english and spanish.
