Handout 1

Medical Home Education Work plan

Goal: Educate primary care providers, specialists, and families about the importance of providing a medical home for children with heritable disorders.

A. Year One Goal: Identify, review and select existing initiatives and materials to educate Region 4 families and providers			
Objective	Who	What	When
1. Identify existing training initiatives and materials	MPHI	Conduct Internet research	December 2007
	Group	Provide input re: state initiatives	
	Group	Provide existing State materials	January 2008
	MPHI	Compile and distribute list of materials/initiatives	
	Group	Discuss existing materials	
2. Develop criteria for assessing materials (quality, cost, feasibility, adaptability)	Co-chairs/MPHI	Research assessment tools	February 2008
	Group	Brainstorm assessment criteria	
	Co-chairs/MPHI	Develop/modify assessment tool	March 2008
	Group	Review and finalize assessment tool	
3. Review training initiatives/materials based on established criteria	Group	Assess materials using assessment tool	April 2008
	Co-chairs/MPHI	Compile/summarize reviews	
	Group	Refine list of materials and training initiatives	
4. Identify the best methods to disseminate information (on-line course, face-to-face training, individual consultation, etc.)	Co-chairs/MPHI	Literature review - best education methods	May 2008
	Group	Review literature summary	
	Group	Determine best methods for each target group	
	Co-chairs/MPHI	Summarize group recommendations	
5. Develop Region 4 education plan	Co-chairs/MPHI	Draft education plan including materials/methods	June 2008
	Group	Provide input on education plan	
	Group/co-chairs	Adopt finalized education plan	
B. Adapt medical home materials to address the needs of children with heritable disorders in Region 4			Years 2-5
C. Share adapted materials with region 4 partners, other regions, and national audiences			
D. Provide educational opportunities in Region 4
