Item	Discussion/ Notes	Recommendation/ Action	Follow up (who/ when)
E. Encounters/ Opportunities (H.O. #6)			
F. Provider Opportunities (H.O.#7)			
G. List of Tools/ Resources (H.O. #8)	<p>This is a list of the strategies the workgroup has identified over time to increase referrals for genetic services.</p> <p>Sally noted that she did not include the state-to-state protocols in the guide. Group consensus – they are not appropriate for the guide as they focus on communication between EHDI programs on all kids having UNHS</p>	<p>Identify resources to adapt. The group split up the tools and will forward identified resources for adapting. Some suggested tools still will need volunteers to identify existing sources/ resources for. –</p> <p>MedPage Today and Hands and Voices may provide us with additional ideas/ resources.</p> <p>Michelle suggested some workgroup members may find it useful to put inquiries out through the CDC listserv.</p>	<p>Members report to Sally by 08.15</p> <p>FAQs- Yaoli Family Brochures – Michelle Physician Training – Molly PCP Follow-up Guidelines – Ravi Part C materials - Joan</p>
