

**Proposed addition to ENROLLMENT surveys for disorders that could result in hyperammonemia/organ failure at presentation (identify specific disorders from survey status list please):**

Has patient ever been on dialysis?

(pick list) Missing/unknown data, yes, no

If patient ever been on dialysis,  
specify type

(check box) Missing/unknown data,  
hemodialysis, peritoneal dialysis

If patient has ever been on dialysis,  
specify reason

(pick list) Missing/unknown data,  
hyperammonemia, organ failure
