Status of Medical Home Guide and Reviewing Tool (20 min)

Marketing and Distributing the Guide (40 min)

- Marketing Plan Update
- Webinar Update

Other Workgroup Projects (20 min)

From the Base Grant Narrative:

Strategy 3.3 - Explore educating medical residents and nursing students about the medical home model
Region 4 staff will review current initiatives aimed at educating residents specializing in genetics about medical home, using effectiveness data and criteria developed by the group. Summarized findings will be shared with Region 4 partners in order to promote understanding regarding the value of educating medical residents and nursing students about medical home, and the potential for spreading best practice models throughout the region will be evaluated.

Adjourn 12:30 p.m. CT, 1:30 p.m. EST

Reminder:

Please enter your contact information in the Region 4 Genetics Collaborative Membership Directory: <http://region4genetics.org/region4/members/member.aspx>
